

SUFFRAGE BATTLE ON AND PARTY HEADS ACT

Political Chieftains in Final Fight For Honor of Obtaining Woman Suffrage.

Democrats Busy in Mississippi And Republicans in Delaware.

Mississippi Expected To Act First.

(By Associated Press)

Jackson, Miss., March 31.—Ratification of the federal woman suffrage amendment will be taken up late today by the House. Speaker Connor, after conferring with House leaders, announced he was willing to have the ratification resolution passed yesterday by the Senate brought up for direct action.

National democratic leaders today flooded the House with requests that it act favorably on woman suffrage before Delaware, through action of the republican legislature, acted.

Chairman Cummins of the Democratic National Committee, telegraphed Speaker Connor to do his utmost for immediate ratification, declaring he regarded it as "intensely important that the democratic party enfranchise women before the next election."

William J. Bryan asserted "ratification will greatly aid our campaign in the western states."

"This message added that "the women of the west won our campaign four years ago and we need the women's vote now to safeguard prohibition, defeat militarism and insure world peace."

Of the 149 members of the House only 107 were present. When the resolution was rejected in February, 131 members were present, 106 voting against and 25 for ratification.

Leaders on both sides today claimed the decreased attendance favored their cause.

TIME TO GET AUTO LICENSE TAGS EXTENDED

Secretary of State Allows Ten Days More in Which to Act

(By Associated Press)

Columbus, O., March 31.—Because of the inability of the local licensing agents in many counties to complete distribution of 1920 auto license tags by midnight tonight, Secretary of State Smith today granted a ten days' extension of time.

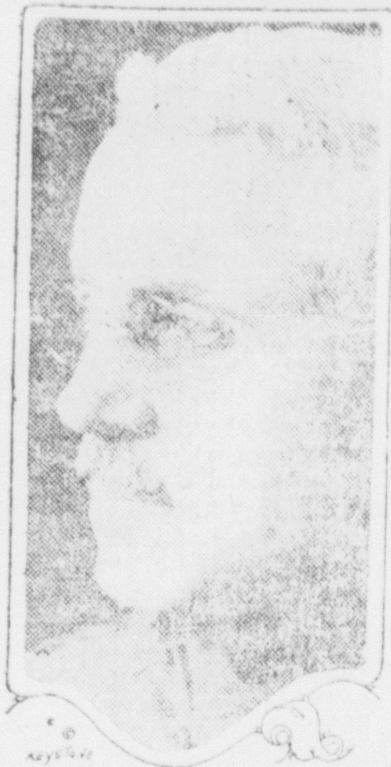

This means all auto owners must have their new tags by April 10th or lay themselves liable to a fine of \$25.

PACKING EMPLOYEES FORCED TO QUIT WORK

Six Thousand Workmen Out Of Jobs Due To Stock Yards Strike.

Embargo On Live Stock Shipments Continues in Chicago Yards.

(By Associated Press)

Chicago, March 31.—Between five and six thousand packing house employees were idle today as a result of the strike of 900 stock handlers of the Union Stock Yards and Transit Company and many more will be thrown out tomorrow as the stock on hands is used up.

Meat prices are rising. No pork was offered in today's market. Stock handlers in other packing centers will be called out if the strike is not settled quickly, according to union officials.

Federal mediators were called in today. Trading in live stock has ceased as a result of an embargo on live stock shipments.

TO REACH VOTE IN DELAWARE

(By Associated Press)

Dover, Delaware, March 31.—Suffragists and anti-suffragists flocked to the state house today expecting to see and hear the House vote this afternoon on ratification of the suffrage amendment.

Although this event was scheduled for this afternoon, it was stated a vote may not be taken before tomorrow.

CRISIS IS ON IN RUHR REGION

(By Associated Press)

Berlin, March 31.—All interest today centered upon the crisis in the Ruhr region.

The general strike movement has broken out only at a few places, according to advices.

The newspapers report the passage of numerous workmen's troops through Elberfeld, most of them going north to reinforce the troops already at the front.

SUFFS AFTER 37TH STATE

(By Associated Press)

Washington, March 31.—Suffrage forces will not slacken their efforts until 37 states have ratified the suffrage amendment, the national woman suffrage party announced today, so the coming into force will not be delayed if the supreme court holds valid the Ohio constitutional amendment permitting a referendum on the ratification.

TOLEDO PUBLIC IS MADE GOAT IN RAIL FIGHT

Agreement Reached in Which Wage Increase is Allowed Carmen.

City Representatives Agree To Bear Burden of Increase

(By Associated Press)

Toledo, O., March 31.—To avert another suspension of street car service here it was agreed to increase the rate of fare from the present six cents and two cents for transfer to seven cents and two cents transfer.

The increase was decided upon by representatives of the car men's union, the city and railway company, after the men had demanded wage increases and the company said the public would have to pay the additional expense.

CHICAGO FACING GENERAL STRIKE

Chicago, March 30.—With one thousand city hall clerks, stenographers and bookkeepers on strike today, the municipal garbage reduction plant closed through the walkout of 400 garbage handlers and the threat of 90 percent of the firemen to resign unless wage advances were granted, Chicago tonight faced a general strike of city employees.

FISKE SAYS NAVY WAS NOT READY

(By Associated Press)

Washington, March 31.—The navy was unprepared for war in 1917 because of the "mental and temperamental characteristics of the man at its head and of the policy he pursued as a result of those characteristics," Rear Admiral B. A. Fiske, retired, declared today before the Senate committee investigating the navy's conduct of the war.

Fiske was aid for operations and senior adviser to the Navy Department before this country entered the war, but resigned after differences with the Secretary.

GERMANY'S REQUEST IS DENIED BY FRANCE

Application For Permission To Send Troops Is Turned Down

Such Action Deemed Useless And Dangerous Move Says Premier.

(By Associated Press)

Paris, March 31.—The request of the German Government that it be permitted to send troops to the Ruhr district, in the neutral zone near the German border, has been denied by the government of France.

Conversations over the German request have been in progress between Premier Millerand and Dr. von Meyer, the German representative in Paris.

The French reply was handed to Von Meyer today. The reply said:

"Replying to your note of yesterday, I have the honor to confirm to you the conditions to which the Government of the French Republic desires to subordinate its eventual authorization to permit German troops to enter the Ruhr Valley.

"Such an authorization, which would constitute a derogation of the peace treaty, could be justified only by imperative and evident necessity.

"The commission charged with the control of the execution of the protocol of August 21, 1919, has expressed to me its formal opinion, confirmed also from other sources, that military intervention in that region at present would be useless as well as dangerous."

MAIN HIGHWAYS IN GOOD SHAPE

Motorists declare that most of the main highways in Fayette county are exceptionally good at the present time, considering the fact that only a short time ago the roads were almost impassable.

Prompt attention on the part of the county officials whose duty it is to look after the highways is believed responsible for the exceptionally good condition of the highways so soon after their bad condition.

Graders, scrapers, rollers and drags have been brought into action with telling effect, and the lesson of repairs is one which will serve as an example to future road officials, showing what can be done when a real effort is made to place bad roads in good condition.

MEETINGS BEGIN AT GRACE M. E. CHURCH

The first pro-Easter service held at Grace church Tuesday night was well attended, the main auditorium being about half filled. Rev. K. B. Alexander, the pastor, gave an exposition of John 13:31 to 14:31, dwelling upon Christ's answers to four questions asked by four disciples: 1st. Where Goest Thou? 2nd. How Can We Know The Way? 3rd. Show Us The Father; 4th. How Will Thou Manifest Thyself Unto us and Not Unto the World?

Miss Edith Gardner sang "Seeking For Me." Dr. Franklin McElfresh offered the closing prayer. The entire service was of a quiet, meditative nature.

Wednesday night Rev. Alexander will give an exposition of John 15. Christ explaining how, after his physical death, he is still to hold most vital and effective relations with those who know him. Miss Edith Gardner will sing.

The general public is invited to all these services.

BASEBALL SEASON OPENS APRIL 18

Not for years has the baseball season been opened in this city as early as it will be opened this spring when the first game will be played by the Washington Athletics on April 18th if weather conditions permit.

Letters have been mailed out by the club to several fast teams and the opponent for the opener will soon be selected.

Manager Tom Suttles' biggest want now is to find a steady reliable pitcher. The club is angling for Pinto, who had a tryout with the Columbus Senators but the Association team may yet have strings on the young southpaw. Some herder out of Cincinnati may be secured.

All local talent is to be given a fair chance to try for places on the squad and two or three men who can qualify would be a big boost for the club.

TO ATTEND STATE CONVENTION AND OFFER PETITION

An invitation has been received by the Fayette County Automobile Club to attend the State Automobile Club Convention in Zanesville, April 28th. Delegates may be sent to the ratio of one man for each fifty members of the club; this will allow the local club twelve representatives.

Resolutions may be presented by the visiting delegations and complaints registered or suggestion made regarding the work of auto clubs in Ohio.

It is the intention of the Fayette club to present a petition to the State Legislature through the convention placing in the hands of the State Highway Commissioner or other official the power to place an embargo on trucks or heavy vehicles using the roads at certain time of the year or when it is inadvisable to have heavy traffic on the high ways.

The men who will represent the club at the convention and who will present the petition will be named by the president, Hon. J. M. Willis, within a few days.

MARCH WEATHER FOR TWO YEARS

From observations made by T. J. Lindsey of this city it is learned that the average temperature of March was but one degree less than the average of March last year. March, this year, which ended Wednesday had an average temperature of 34. March last year had an average temperature of 35.

While Wednesday marked the peaceful passage of March this year, just a year ago a light snow fell and the month lived up to all expectations and "went out like a lion."

SAYS TANLAC MADE LIFE WORTH LIVING

Mrs. Mary E. Roach Says
Tanlac Is Her Favorite
Medicine As It Enabled
Her To Enjoy Three
Years of Good Health.

MRS. MARY E. ROACH
of Lynchburg, Va.

"Tanlac has been the favorite medicine in my cabinet for three years," said Mrs. M. E. Roach of 402 Clay street, Lynchburg, Virginia, in an interview, recently.

"At the time I began taking Tanlac," explained Mrs. Roach, "I had been suffering from indigestion, rheumatism and other troubles for nine years and could find nothing to help me. If I ventured to eat anything the least bit heavy I would bloat up with sour gas and almost smother. My heart would palpitate frightfully and when these spells came on me I was so dizzy and weak I could hardly stand up. I often had to stop and rest while doing my house work. I was badly constipated and hardly ever free from headache. I also suffered with rheumatism in my fingers and especially in cloudy, rainy or snowy weather my pain was almost unbearable. My kidneys and liver were out of order and I had the worst kind of pains in my back, legs and shoulders. I had no appetite and what little I did eat seemed to do me more harm than good, as I always suffered afterwards and had become so rundown, weak and miserable that I sometimes felt like life was hardly worth living."

"One day I read a testimonial for Tanlac that seemed so sincere that I decided to see if the medicine would help me. Well, the first bottle did so much good that I got another, then another and so on until my troubles all disappeared. As I said, that was three years ago, and I have been able to keep myself in good health ever since by taking a few doses of Tanlac now and then as I feel the need of it. Tanlac has built me up and given me strength and energy so that my housework is easy for me. It makes life worth living for it keeps me with a good appetite, helps me to digest my food properly and, by relieving me of all suffering and nervousness, enables me to sleep soundly every night. I shall always praise Tanlac."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, and in Octa by I. W. Murphy.—Advt.

Hoover Speaks

Herbert C. Hoover has announced in a telegram to the Hoover Republican Club of California his position regarding the presidency.

It is a brief, characteristically Hoover utterance—straight to the point and, in a few terse sentences setting forth just exactly what the republican politicians must do if they gain his consent to be a candidate.

Mr. Hoover's announcement is delightful and unusual in that it tells the politicians what they must do in the interest of the people and the nation, if they want him rather than, as is too often the case, a beseeching avowal of willingness to do anything the politicians want if they will only name him as the candidate.

Acknowledging himself in natural affiliation with the independent element of that party he declares that a "forward looking, liberal and constructive platform" must be adopted. He again avows that he will not seek the nomination.

More than ever Mr. Hoover talks and acts just like the kind of a man the people need for president.

His announcement may be expected to arouse the ire of Johnson, Borah and the office-seeking radicals in both parties and bring down an avalanche of abuse. Hoover is bigger and more available than ever, right now.

Have a Care

It is difficult, sometimes, when we realize the troubles of the farmers and, the by no means satisfactory, condition in which the wheat emerges from winter quarters, to avoid a feeling of anxiety for the future.

The American farmers are facing a gigantic task. It is one which would be under the most favorable conditions a big undertaking. Now, under existing labor and cost conditions, it becomes a task which causes the most optimistic to wonder what, after all, the result is going to be. There are so few people, especially in the populous sections, who realize the vital work of the farmers. They rush along pell mell, boosting prices, shortening work hours and legislating for the industrial workers, with very little thought of the men who raise our food and never a thought that they will fail in their task.

Yes, we can anticipate the answer—the farmers have prospered. They have prospered, they should have prospered and they should continue to prosper.

But all that is beside the question. What is going to happen if the industrial centers keep hiring workers away from the farms? We must eat and we can't eat unless the food is produced and the farmers can't produce our food if the populous centers entice all labor from the rural districts or if law makers keep on passing "nation-wide" laws to shorten working hours.

It does seem that it is about time that industrial centers have a thought for the farmers—not for the farmers' good solely, but for their own.

"No Children Allowed."

The housing problem—the home problem—continues acute all over the country, but it is more serious, of course, in the more populous cities than in the smaller cities and towns and rural districts.

The problem has long since passed beyond being a mere annoyance and an inconvenience to new arrivals in cities. It is beyond even a serious discomfort to the present generation immediately concerned and has become a real menace to the future of that greatest of all American institutions—the safeguard of the republic and the security of freedom—the American home.

We cannot continue a great nation of free people unless the American home is preserved and secured in all its sanctity. It is the home life which makes this or any other nation great, and a home without children, properly cared for, in their spiritual, mental and physical growth and development, is an impossibility.

The realization of those fundamental truths leads thinking people to an appreciation of the tremendous consequences certain to follow the almost universal establishment of a rule among city landlords barring children from their premises. The few quarters that may be found are placarded to the young home seekers that "no children are permitted."

What is the inevitable result? It needs no sage or prophet to see in this menace both race suicide and a branded and unwelcome oncoming generation condemned to be denied the comforts and the benefits of home life.

Such an order from the landlords is more of a menace by far than profiteering in rental prices and should be the object of a crusade purposing its destruction.

POETRY FOR TODAY

IN APRIL

The air is soft and balmy,
The grass is growing green,
The maple buds are swelling,
Till their slender threads are seen
The brown brook chatters gayly
Its rippling course along,
And hark!—from distant tree-top
I hear the bluebird's song.

O joyous, glad some carol,
Exultant, fearless, true!
There is hidden a heavenly message
'Neath that coat of heavenly blue.
My heart thrills as I listen:
God's love is sure and strong
Than Him for life's awakening!
Praise for the bluebird's song!

After the winter, springtime,
The sunshine follows rain;
Thou' grief and sorrow chill us,
The heart grows warm again.
From earth to His glad heaven
God will His loved ones bring;
Still, after frosts and snowdrifts,
We hear the bluebirds sing.

WHAT IS
"SPRING
FEVER"?

Be Fair With Yourself. "Spring Fever" Is Not Just Mental Contrariness.

LOOK TO YOUR BLOOD

Take Pepto-Mangan, that Famous Blood Tonic. Sold in Both Liquid and Tablet Form.

Feel fit this Spring. Feel as fine as the weather. Don't drowse and dose over your work, lose valuable time, or blame yourself for a condition that with many people is as inevitable as Spring itself.

Remember how in the old days they took sulphur and molasses? That was to clear up the blood. For in the Spring the blood is likely to be sluggish, weak and clogged with poisons. It needs help.

Why be handicapped unnecessarily? Why not be vigorous and red-blooded, full of "pep" and enthusiasm?

Pepto-Mangan is a blood tonic—a blood builder and purifier—that has become a standard in the past thirty years. Prescribed by physicians when people are run down and anemic.

Give the children Pepto-Mangan. They, perhaps, need it the most. To safeguard their health, and because Spring days are important ones in the school year. "Spring Fever," remember is real, not fancied, and is usually due to sluggish, impure blood.

Your druggist has Pepto-Mangan in both liquid and tablet form, just as preferred. Equally effective. Make sure you get genuine Pepto-Mangan. Ask for "Gude's" and look for the full name, "Gude's Pepto-Mangan," on the package.—Advertisement.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

WHY TOWN AND COUNTRY NEED THE Y. W. C. A.

BECAUSE there are five million girl in the United States who live outside of cities.

Because these girls are potential citizens and assets for social betterment.

Because the Y. W. C. A. is frequently the only organization in a community which is interested in ALL the needs of a girl's life—physical, mental, social and religious.

Because Y. W. C. A. activities in town or country are open to every girl, irrespective of creed, class or race, and are therefore a haven of democracy.

Because the Y. W. C. A. is a tried and tested instrument for attaining social solidarity or "community spirit."

Because the Y. W. C. A. as an interdenominational organization is a strong ally of the churches in promoting religious expression in an all-community way.

Because Y. W. C. A. activities are a wholesome substitute for undesirable, commercial recreation.

The beautiful country home of Mr. and Mrs. Chas. Allen at Wesley Chapel presented a joyous scene last Friday evening, when Mrs. Allen assisted by Mrs. Homer Garringer gave an informal Easter party, honoring Miss Bessie Baylis a week end guest from Springfield.

The rooms were attractively decorated, the color scheme being pink and white. Japanese lanterns of various colors adding beauty to the scene. The evening was spent in music and games. Miss Edith Yeoman and Mr. Loyd Coe rendered some very beautiful piano solos. Refreshments of ice cream and cake were served.

At a late hour the guests departed, expressing their appreciation of Mr. and Mrs. Allen as royal entertainers. The following guests were present: Misses Bessie Baylis, Donna Allen, Edith and Lois Yeoman, Alverna Cook, Salana Straley, Regina Allen, Ruth and Dorothy Mowery, Bertha Williams, Laura Melford, Dorothy Yeoman, Helen Horney and Nina Turner. Messrs. Lawrence and Russell Mowery, Cleon Coe, Clarke Denney, Chas. Kessler, Loyd Coe, Loren and Nathaniel Looker, Raymond Brown, Ward and Roy Allen, Roscoe Scoville, Paul Horney, Russell Cook, Mr. and Mrs. Homer Garringer and Mr. and Mrs. Chas. Allen.

Mrs. Ellen Cissna attained her eighty-fourth birthday on the twenty-ninth day of March and was the honored guest at a beautifully appointed dinner given by the daughter with whom she makes her home, Mrs. N. S. Barnett and Mr. Barnett.

The table was lovely, with a luxuriantly blooming pink and white primrose in the center, and pink candles

burning on the birthday cake, on which was outlined the figures eighty-four.

Seated with Mrs. Cissna and Mr. and Mrs. Barnett were the other daughter, Mrs. E. F. Kinnear, and the only grand son, Mr. Earl Barnett, wife and sons, Edgar Earl and Robert Elias.

The gentle mother and grandmother whose loveliness has made her the center interest of the home, also numbers more than the allotted share of friends and was the recipient of many flowers, cards and messages of congratulation, which rounded out a most pleasurable anniversary.

Wednesday, the last day of March is red calendar in the annals of Garfield Commandery No. 28, the annual inspection being held in connection with a very large class initiated and a big banquet served at six o'clock in the evening by Royal Chapter No. 29, O. E. S.

The work began at two o'clock Wednesday afternoon, with Sir Knight John P. McCune, of Columbus, the inspecting officer.

On Saturday afternoon Mrs. Louson Wells entertained with a birthday party for her nine year old daughter, Ruth.

Eighteen little girls enjoyed an afternoon of games and music. Dorothy Brown won the prize in an Easter egg hunt.

Dainty refreshments with rose color scheme and clever easter suggestion, were served.

The guests were: Helen Daily, Jeanne Tipton, Lucile McLean, Virginia Kerns, Sarah and Mildred Steffy, Edith and Eleanor Wilson, Violet Self, Edurna Weyer, Sarah Lewis, Dorothy Brown, Hope Johnson, Jaunita Kisting, Opal White, Donna Belle Dowler, Virginia Hyer.

Mary Elizabeth Holmes assisted the hostess in entertaining the children.

The Pythian Sisters held initiation for four candidates Tuesday evening, at the K. of P. Castle, under the supervision of Miss Emma Wilson, Captain of the Degree Staff.

At the close of the work, an elaborate lunch was served in the dining room, which had been beautifully decorated in yellow and white for the occasion. Adding to the attractiveness of the table were yellow candles burning in crystal sticks.

The committee included: Mr. and Mrs. Will Hettessheimer, Mr. and Mrs. Harry Sollars, Mr. and Mrs. Ed Coll.

Misses Helen and Mary Persinger, guest Miss Ping Chaiping of China returned Wednesday to Oberlin College, after a vacation visit at the Persinger home.

COMPANY STARTS WORK ON STREETS

First work on the resurfacing and paving of the streets of this city was started Tuesday by the Andrews Asphalt Paving Company. A number of workmen began taking out the stone gutters and curbing on South North street and are making rapid progress in shapping the street for excavation work.

All equipment of the company is being placed and put in shape to handle material and it is only a matter of a short time until the first concrete will be spread.

HOME SADDENED BY DEATH ANGEL

The Cripps home on Lewis street was saddened by the death of the wife and mother, Mrs. John Cripps, Tuesday evening at 8:45 o'clock, following an illness of two months duration, but only of a serious nature in the past three weeks.

Mrs. Cripps is survived by her husband, and four children, Mrs. Jess Hyer, Carey and Fred of this city, and Bert Cripps, now of Springfield. She was a woman who had been deeply interested in both her home and her church the McNair Memorial Presbyterian Church, which she was a regular attendant until prevented by illness.

Mrs. Cripps was 63 years of age and a highly respected life long resident of this community, and much regret and sympathy for the bereaved family will follow the announcement of her death. Funeral arrangements have not yet been completed.

DISPLAY PICTURES Y. W. C. A. ACTIVITIES

A strong appeal for the Young Woman's Christian Association is made in a very attractive window display at Craig Brothers.

Posters of pretty girls, radiating health, in "gym" or outing attire, suggest the physical benefits of this institution and all the paraphernalia of the "gym"—dumb bells, Indian clubs, tennis rackets, balls, etc., are arranged with a skill that makes a striking picture and catches the eye of the passerby.

LOCAL MARINE FIGHTS PLAGUE

After an unsuccessful attempt to curb the inroads of tuberculosis, William Smith, a young Marine, hardly out of his teens, stopped off in this city Tuesday night to say goodbye to his friends before going on to Prescott, Arizona, where he will enter a government hospital in a fight against the disease which is slowly getting a hold on him.

Smith, whose father is a grocer in Austin, was reared in the Children's Home of this county. When the United States entered the war he enlisted in the Marines and was sent to the West Indies, and later transferred to New Orleans where he developed tuberculosis of the hip from an injury.

After special treatment in New Orleans he was given an indefinite furlough to his home here. A year ago he entered the Rocky Glen Tuberculosis Hospital at McConnsville and there it was discovered that active tuberculosis had developed. While at McConnsville Smith studied expert accounting as a Vocational Training student.

Hope for his recovery was given up and he was given his choice of six government hospitals; he chose Prescott, Arizona. While in the city Tuesday evening Smith talked with Miss Mary Robinson, head of the local Red Cross chapter, and stated that he never expected to return.

BASEBALL RANKING WITH MAJOR SPORTS

Professor Proboscis of the high school, who keeps a close watch on all athletics in addition to his duties as principal, states that the tendency among surrounding high schools this spring is to turn to baseball instead of the conventional track events. Not only is the game being boosted as never before in high schools but the tactics of the big leagues are being enforced.

Washington High has received an offer from Chillicothe for a baseball game to be played in Circleville. Local authorities do not see how this would benefit either team.

Decision has not been made but because of inexperienced diamond material the local school may still retain a track team for the big meets while some class baseball may be played.

Wilmington High will have a baseball nine and will play their first game with Waynesville High Friday afternoon.

A WONDERFUL HELP

At Two Stages of Life Lydia E. Pinkham's Vegetable Compound Made Mrs. Fairburn Strong And Well.

Chattanooga, Tenn.—"I used Lydia E. Pinkham's Vegetable Compound when I could no longer keep up. It strengthened my back and relieved me of the dropsical effect which often develops at such times. It helped me wonderfully. That was my first experience with the Vegetable Compound. Years afterwards I took it during the Change of Life and got along so well I scarcely ever had to lie down during the day and seldom had dizzy fainting spells. I am now well and strong, can do all my housework with perfect ease and it is a comfort to me to be able to say to other suffering women, 'Take Lydia E. Pinkham's medicine and be strong.' I will be glad to have you use my name if it will be the means of helping any one."

—Mrs. R. A. FAIRBURN, 606 Orchard Knob Avenue, Chattanooga, Tenn.

For forty years this famous root and herb medicine has been pre-eminent successful in controlling the diseases of women. Merit alone could have stood this test of time.

DOESN'T HAVE TO LIE DOWN THRU DAY NOW

This Woman Can Keep Going
All Day Since Taking
Viola-Tonic.

Mrs. Lou Anderson, 119 West Fourteenth street, Cincinnati, Ohio, is stronger and better since taking Viola-Tonic, "Builder of Strength" and doesn't have to lie down and rest during the day now.

"I was weakened and run down," Mrs. Anderson said. "Lots of times I felt so weakened and tired out during the day that I had to stop my housework and go and lie down and rest. My appetite was poor and my stomach was out of order. It didn't make any difference how good a meal I cooked I didn't care for it. The little food I did eat didn't agree with me. Gas always formed on my stomach after meals and caused pressing against my chest and pains. I belched a great deal after meals also. I was badly troubled with constipation, too."

"Within two days after I started taking Viola-Tonic I felt better and stronger. My appetite returned and I found that I could eat without distress afterward. Gas didn't form on my stomach as it did before and the pressing against my chest and pains disappeared. The constipation left me quickly also."

"I kept on taking Viola-Tonic and now I am much improved. I'm much stronger and I don't have to stop my housework and go lie down and rest during the day now."

"I can eat about anything I cook, too, and I enjoy my meals. Even the smell of food is appetizing."

Viola-Tonic, "Builder of Strength" has helped thousands of run down men and women and it will do for you what it has done for others. Get Viola-Tonic TODAY.

Viola-Tonic is being specially introduced in Washington C. H. at Frank Christopher's and at Jeffersonville at J. B. Davis.—Advt.

Save Land and Timber

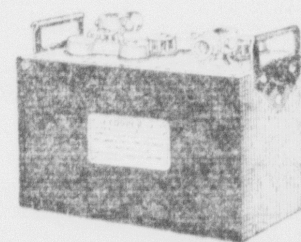

Many dollars are lost each year by the caving in of big trees and the washing away of valuable land along creek banks. You can prevent this loss by cutting the trees into pulpwood and planting the land in valuable crops. We are paying the highest price ever offered for pulpwood and will show you how to make money on land and trees that are now going to waste. Write us for specifications and prices.

YOUR CAR IS NO BETTER THAN ITS BATTERY

And the battery is no better than the material of which it is built. Inside your battery, where you can't see, is where superior material and workmanship count. Don't guess—be absolutely certain.

In the COOPER BATTERY you are sure that the "insides" are right, made right of the right material. The plates of this battery are made of the very best material obtainable, by expert and experienced battery builders, and these plates are extra heavy. And the plates in the battery are what count. All other things are secondary to plates.

If this battery did not give better service the builders could not place behind it the longest guarantee, and we could not place our service behind it. Consider these things.

And our service on ALL batteries is up to the Cooper standard—you must be satisfied. Make us prove it.

THE FRANK L. STUTSON COMPANY

With these days the springtime season comes into some of its most interesting phases. And everywhere throughout the store is evidence of this.

Fashions reflect a gayer measure in their new lines, their bright, sparkling colorings. Constantly incoming collections bring merchandise, fresh and new. And always is there noted that quality, that character, which have won for this store, from a discriminating patronage, a genuine appreciation and fine regard.

This is a Season of Novelties in Blouses

So delightful to see—so hard to individually describe—so radically different from any that you have seen before.

Georgettes, of course; but so many charming effects in other silken weaves—some plain colors, many in delightful prints. Some trimmed with laces; some quite bizarre, but most becoming styles are trimmed with beads.

Here, too, are handsome satin Blouses; some quite Oriental in effect, trimmed with jade and gilt. In all a collection that you will be much pleased to choose from.

Little Girls' Outer Apparel

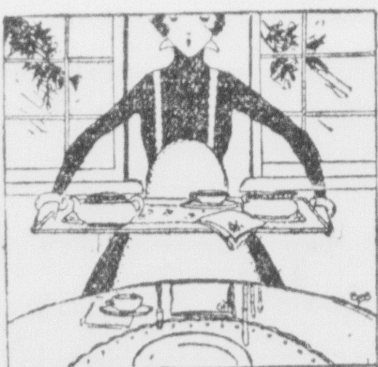

The outdoor apparel of little girlhood is ready and waiting, and it is all designed with a sure appeal not only to the Tiny Tot who wears it, but to Mother, who is ever on the watch for practical charm in her little daughter's clothes.

There are coats of serge or tweed or other wool materials, with adorably quaint little pockets and belts and buttons, after the fashion of the outer garments Grown-Ups wear.

There are friendly little hats of fine straw braids, in fashions sure to be becoming,—plain and tailored, or flower trimmed, or with fluttering ribbon streamers.

In a word, there's outer apparel specially designed to meet every outdoor need of Spring and Summer.

What New China Should the Easter Table Have?

Egg Cups, of course. Have you enough? Are they the right sorts—as handsome as you'd like?

Maybe it's a new Breakfast Set that the artistic housekeeper desires? Here are clever varieties to choose from.

Perhaps it's just new Cups and Saucers. These will meet the desire completely.

And, if the time is here for the New Dinner Set, we are well prepared to supply it.

CORRECT EASTER ATTIRE

Women's Tailored Suits

Just Made for These Wonderful Days

What a joy it is to lay off the heavy Winter coats and feel the freedom that lighter garments give. How doubly joyous when the new Suit brings with it so much style and gracefulness as are conferred upon the wearers of these newest Spring models that are ready for these first delightful Spring days.

Fabrics, colors, decorative touches combine for the most effective results that Spring Suits have known. You'll be especially pleased when you see the right model fitted to yourself.

Special values at \$39.75, \$44.50, \$47.50, \$49.50.

Such Delightful Dresses All Ready to Put On

They have the style and individuality of specially made frocks. Made of materials that were chosen in the best of taste, for texture as well as colorings.

The models are so wearable—so refined, so becoming—so much like Dresses that you would have made up in your own home. And yet, here they are—scores of designs for you to pick just what you like best, and have it all ready to wear, with no fuss or bother.

Special Values at \$25.00, \$29.75, \$35.00, \$49.75

Choker Scarfs

The clever charm of the close little choker scarf is with us once again, to lend its note of distinction to the tailored suit or gown.

It takes the place of heavy winter furs, and may vary in size to meet the individual preference of the wearer.

One or two or three skin scarfs, in every fashion-favored fur—Mink, Stone Martin, Fisher, Hudson Bay or Russian Sable,—lend the necessary touch of irresistible smartness and luxury, that nowadays spells Fashion.

Neckwear

GONE, the unrelieved neckline of the passing season, instead the frock, the blouse, the tailored gown wears frills, or at least a collar, of lace or net—for it may be as simple or elaborate in its decoration as it wishes, provided some winsome bit of white is worn to soften unbecoming lines.

There are collars of lace, of net, of organdy, that become gilets by the simple addition of a ruffle or two, round and square necked guimpes and hand embroidered modesty vests of net and lace,—scores of delightful ways of accomplishing a more than usually delightful purpose.

Easter Hats

And now comes Easter! A little early on the calendar, perhaps, but not a bit too early for the new Spring Millinery, and we are ready with an offering of new-vogue hats in the most approved materials. Shapes are—any shape at all, and trimmings varied charmingly to meet your fancy.

There are brilliant hues and sober hues, hats designed for wear with street apparel or for pastime wear, and flowers, feathers, fruits, malines and laces have their effective place in the scheme of the season's millinery.

What will You Want on Easter Morning That You Don't Have Today?

So easy to forget some little thing that may be so vital. So likely that the Veil, Gloves or Hose which seems good enough today may look disappointing when it comes to wearing on Easter Sunday morning.

Hence this little hint that you take stock of the things that Easter Day will need and let us supply today the things that may be so much wanted for that important occasion.

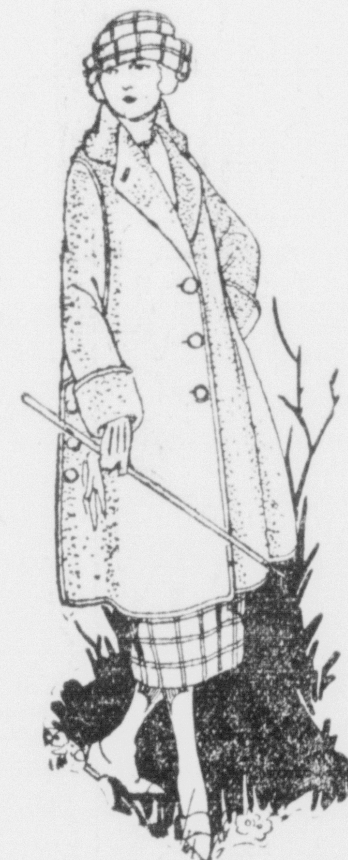

NEW COATS for WOMEN More Graceful than Ever

The sports note dominates the style—the easy comfort from which smartness is never missing.

There is sufficient length for full protection. There is height to the collars that will laugh at March winds; but there is a lightness of effect that is most charming.

The styles show delightful originality with becomingness for every figure.

Special Values at \$18.75, \$25, \$29.95, \$39.75

House Dresses

Cleverly concealing their purpose of usefulness, yet losing nothing of their charm and trimness in the process, these Apron Dresses and House Frocks are the very spirit of Spring and Summer daintiness. They are more than merely aprons, more than house or work apparel, indeed many are lovely enough for street or porch wear.

Of materials that range from percales, chambrays and ginghams to figured voiles, with ample fullness, unusual details of trimming—smart belts and pockets, cordings, pipings, rick-rack edgings, they solve the problem of a gown that wishes to be charming, yet practical, as well.

"Blue Monday" Is A Thing Of The Past In Our House"

WHY not escape the weekly washday grind?

Women everywhere are discarding the antiquated, health-shattering, backbreaking wash-tub.

They are letting the Crystal do the "Blue Monday" work.

The Crystal Electric Washing Machine cleanses clothes easily, economically, sanitarily—absolutely satisfactorily.

It forces water, steam, rich suds and air through the meshes of the cloth—cleansing the coarsest or the finest fabrics without rubbing of any kind.

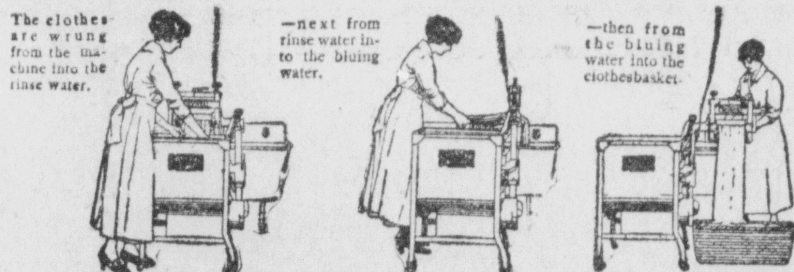

We will gladly demonstrate the Crystal—show you how quickly the Crystal will do your washing in your own home.

INTER-CHURCH MASS MEETING ON APRIL 9TH

That one-half the country churches of Ohio are declining, that vast areas of the earth are untouched by Christianity because of the failure of American churches to meet their responsibilities abroad, the average church is failing miserably in its task of winning new converts in its own community, that Americans are spending for the support of their churches sums that seem niggardly when compared with expenditures for luxuries.

These are among the messages to be transmitted, with a backing of statistics gathered in the world survey of the Inter-church World Movement, to residents of this country in mass meeting of church people in this city, April 9.

The County Inter-church field organization for Fayette county is making local arrangements for the meeting. The team of speakers—one of 22 being organized by the state office of the Inter-church Movement—will include outstanding leaders of various denominations. Each of the teams will visit four counties.

In connection with the county conference will be held a separate life service conference for young people, to whom the opportunities of Christian work as a vocation will be presented.

In the morning, afternoon and evening sessions of the general meeting, the foreign and home surveys, the interdenominational evangelistic program and the broad plans of the co-operating denominations for the development of spiritual, human and financial resources needed to carry

General. This company has a ten-year record of successful operation, and today ranks twelfth among tire manufacturing companies in this country. In 1918 the policy was changed from manufacturing a medium grade product for the jobbing trade, to a high quality tire, which is now distributed through dealers direct. The number of branches was increased from four to fifteen. This transition resulted in a loss and expense of several hundred thousand dollars through the discarding of materials and machinery, liberal adjustments and the reorganization of the entire sales plans. Earnings for 1918 and 1919 were decreased to this extent. Under the new policy, because of better prices, a considerable reduction in the number of tires produced gives the same cash value in volume of business, and permits of a 100% expansion without material increase of investment in fixed property.

The company has an excellent fabric situation, having a supply, contracted for at low prices, sufficient to meet requirements for 1920. Tire prices were recently increased which should increase 1920 earnings substantially.

Earnings. The average net earnings for six years ending November 30, 1919, after Federal Taxes, were in excess of two times the annual dividend requirements of the preferred stock.

Values. Each share of preferred stock is protected by \$182.00 of net tangible assets and \$130.00 of net quick assets. The tangible book value of the common stock is \$20.71 a share. These figures are without consideration for an appraisal made by the American Appraisal Company showing sound values of \$458,000 in excess of book value of fixed property.

Dividends. Regular quarterly dividends have been paid on preferred stock outstanding for six years.

An initial dividend of 75 cents a share was paid on the No Par Value Common Stock, March 1, 1920. Total cash dividends of 82 2-3% and stock dividends of 83 1-3% have been paid on the common stock since 1912.

All legal matters pertaining to this issue have been passed upon by Messrs. Squire, Sanders & Dempsey, Cleveland, for the bankers, and L. M. Kyes, East Palestine, Ohio, for the company.

The books and accounts are regularly audited by Messrs. Ernst and Ernst, Certified Public Accountants.

No fractional shares will be issued, but an adjustment will be made for fractional shares of common stock at the rate of \$30.00 per share.

Price. 5 shares 7% Preferred, 1 share No Par Value Common: \$500 and accrued dividend on preferred from April 1, 1920.

Have You Asked Little Ouija What Ails the Old Bus?

The Yes-and-Know board sure is squeaking these days. It points out the cellars where "hootch" may be found to bring back the spirits—of John Barleycorn.

Columbus Gasoline

To keep your motor running sweet and pretty, be it twin six or flivver, good old Columbus is the one and only bet.

No matter how rich you are, you can't buy better gasoline than Columbus. And if you're poor from paying income taxes, you can't afford to buy less miles per gallon than Columbus will give you.

Thousands of happy car owners already are singing the praises of Columbus. When you join in the chorus, your pocketbook will put in some barber-shop swipes of contentment, too.

All grades are downhill with Columbus in the tank. And those coughing knocks vanish when the carburetor gets its first taste of this good, wholesome gasoline.

You'll know and your engine will know that there's really "something better" in the tank. And just a touch on the self-starter or a twist of the crank makes both motor and driver sit up and take notice.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do. Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

FARMERS ARE URGED PLANT OATS EARLY

Reports have come to the College of Agriculture of neighbors one of whom had an excellent crop of oats last year and the other one having practically a failure in an adjoining field. This condition it is claimed, was due to the fact that the one farmer was ready to sow his oats the first day that the soil was in condition and the other one had to wait until conditions were again favorable.

Farmers are therefore urged by the Department of Farm Crops of the Ohio State University to be prepared to sow oats just as soon as soil conditions will permit. This, it is claimed, may result in a harvest of many thousand more bushels of oats in Ohio than under later planting.

FINISH CLINICAL WORK IN SCHOOLS

Complete reports have been given out by Superintendent McClain, of the Washington Public Schools, of the result of the free dental clinic work just completed among the pupils by the dentists of the city.

Dentists scaled, cleaned, and polished, 24 sets of teeth, made 41 extractions, and 42 fillings.

The condition of the teeth among the pupils was found to be exceptionally good.

An Unusual Business Opportunity!

Resident Dealer for Old, Established Business House Wanted for this Territory

THE dealers representing the Reyburn-Hunter-Foy Company kept our factory so pressed to its capacity that it was impossible in the past for us to supply our famous R. H. Co. Lightning Rods to the farmers in this territory. However, our large new plant, which will more than double our capacity, has now been completed, and we will soon be in position to take care of the thousands of farmers in this territory who need and want this scientific protection for their farm buildings.

We are now looking for a capable, experienced man to act as our dealer in this territory, and handle this business for us. He must be a man of good character—ambitious, persevering, and willing to devote all his energy in pushing the products of a strong, substantial business house. A man who has been successful in selling silos, tractors or farm implements should be especially suited to our requirements, but this is not essential. An automobile would also be helpful in doing the work. A small amount of capital would be desirable, but we will gladly extend necessary credit to a man with good credit rating who can prove to us that he possesses the qualities we require.

The product is the best of its kind that can be made. We absolutely guarantee each outfit, and will pay the full amount of damage done by lightning to any building protected by our equipment. The market is waiting—every farm building needs one. The work is easy—requiring only about six months, yet it pays enough in that time to give an unusually large average for the entire year. None of our present men earn less than \$3,000—many of them make as high as \$10,000. We will supply, absolutely free of charge, a complete sample outfit—making it unnecessary for the man we select to invest a cent of his own money until he has actually secured an order. We will also provide him with convincing advertising literature to distribute among his prospects, and will back his efforts with newspaper advertising as soon as he has demonstrated his ability.

If you think you are qualified for the position we have to offer, please write us at once, giving in your first letter full details of your business history. We will immediately send one of our executives for a personal interview, who will carefully explain the full details of our proposition.

The Reyburn-Hunter-Foy Co.

ANOTHER GOOD ONE
AT THE MURPHY

The days of 20 cent sirloin steaks and 2 cent railroad fares seem like the era of John Barleycorn to have passed forever. If one is to judge by the lavish expenditure represented in the production of "Oh Baby," the new Marcus Show extravaganza, which will be visible Monday, April 5, at the Murphy Theater, Wilmington, the time when \$10,000 to \$25,000 would equip a successful musical spectacle has likewise gone to come no more.

America's three foremost perennial revues, Zigfield's "Follies," the New York Winter Garden "Passing Show" and the Marcus Show, now cost an aggregate of close to a quarter of a million dollars to produce each year. When the curtain goes up on "Oh Baby," theatergoers will see before their eyes 17 scenes of surpassing grandeur, hundreds of beautiful costumes and a wealth of effects and trappings all of which have nicked the check-book of A. B. Marcus to the tune of nearly \$75,000.

SELECTING A PLAY
FOR SENIOR CLASS

Following the custom set by classes that have gone before, the Senior class of Washington High School is preparing to give the annual Senior play. Selection of a suitable play and one appropriate for the occasion is being made.

In past years the Senior play has been one of the features of the school activities and it has grown to be an intensely popular affair and one looked forward to by lovers of entertainment.

CAMBRIDGE LADY
SPENT SIX WEEKS
IN A HOSPITAL.

Was operated on for Tumor; been treated by best physicians in county, but seemed no one understood her case.

Has taken two bottles of Dreco and declares she is regaining her health very fast. Weight increased six pounds.

"I spent six weeks in a hospital, and underwent an operation to remove two tumors; have had the best medical treatment that money could procure, but I did not seem to regain my health," writes Mrs. Clyde Stewart, of Route 7, Cambridge, O. "I read about a Zanesville man who got such great relief from the new medicine, Dreco, so bought two bottles of it and started the treatment. Those two bottles of Dreco have done me more good than anything else I ever did. I have a good appetite now; sleep sound; Dreco has been such a help to me after these years of suffering that I ought to tell my experience so that it may lead some suffering person to use this grand medicine."

There are many cases on record where Dreco has helped sick and suffering persons after all means had been exhausted. While Dreco is not a "cure-all" by any means, it is a plain, common-sense remedy made from the juices of roots, herbs, bark and leaves which act on the vital organs, toning them up so that they perform their duties as Nature intends they should. That is why Dreco is so successful. Dreco acts on the stomach, liver, kidneys, bowels and purifies the blood.

All good druggists sell Dreco and it is highly recommended in this city by

GET IN at the BEGINNING

Last year we consistently urged our Clients and the Investing Public to buy AMERICAN MORTGAGE stock when it was selling at par \$100 per share. The price subsequently advanced to \$105 and then to \$110, and the entire authorized issue of \$1,000,000 was subscribed. This Company uses its capital for city real estate financing only, in construction loans and the purchase of second mortgages. AMERICAN MORTGAGE has just declared an extra dividend in addition to the 7 percent paid on the stock. The few shares available are being held at \$110 per share.

We now advise the purchase of stock in THE FARM MORTGAGE COMPANY OF OHIO. This Company uses its capital exclusively for mortgage loans on improved, producing farm property, one of the safest forms of investment known. The Company is in actual operation and can put every dollar of new capital immediately to work at very good net profits.

FARM MORTGAGE stock is now selling at par \$100 per share; the price will be advanced with the progress of the Company. 7 percent interest per annum, semi-annually in July and January, is allowed you from the date of all cash or installment payments on stock subscriptions. SUCH INTEREST IS IN ADDITION TO ANY DIVIDENDS THAT MAY BE DECLARED ON THE STOCK. FARM MORTGAGE stock is all Common and you thus share in all the net earnings; it is nontaxable in Ohio, non-assessable and free from the Normal Federal Income Tax. We advise you to get in at the beginning on this high-grade real estate security. YOU ARE INVITED TO WRITE, TELEPHONE OR CALL AT OUR OFFICES for an interesting circular describing this sound investment opportunity.
